

Sycamore topped dining table

Handmade to exacting standards by our skilled craftsmen, the extending dining table is available in sealed oak or scrubbed raw sycamore, both models have painted beech legs. Oak and sycamore timbers are traditionally used in English furniture making to create hardwearing, functional and beautiful furniture. Photographed model shown with scrubbed raw sycamore top and red ochre painted legs. Additional photographs show sealed oak top and teal painted legs. Width of models shown is 269 cm when fully extended (including two leaves of 58cm per leaf). Different sizes, finishes and colours are possible - please enquire for details.

Height: 75cm Width: 152.5cm Length: 269 cm Diameter: 152.5 cm when circle
